### **Resumen:**

---

Una perspectiva platónica al diseño y uso de los sistemas inteligentes autónomos en la vida real y de las consecuencias económicas, legales y éticas a lo que ello puede dar lugar.

### **Sobre Ulises Cortés:**

---

Ulises Cortés is a Full-Professor and Researcher of the Universitat Politècnica de Catalunya (UPC) since 1982. He got his PhD in 1984 (Facultat d'Informàtica de Barcelona, UPC). Tenured since 1988 and habilitated as Full-Professor since 2006. His current focus is on several areas of Artificial Intelligence (AI) in the Computer Science Department (formerly Software Department) including knowledge acquisition for and concept formation in knowledge-based systems, as well as on machine learning, fuzzy sets, and in autonomous intelligent agents. Many of his contributions have been applied in real life scenarios and industry.
