

Marfeel is looking for a JavaScript/ Java Full-Stack Developer:

This is you:

- You treat your work like a mission, not just a series of tasks.
- You live for iterative development; a day without pushing code makes you sad.
- You're not afraid to crack open an existing code base and bend it to your will.
- You were born a self-starter; you can take or come up with a high-level idea and run with it until it's done.
- You have lots of stamina and get bored if you've got nothing to do.
- You're eternally curious and hungry for knowledge.
- You're a team player, and know the importance of working with other departments, technical or not, in achieving goals.
- You aren't afraid to get your hands dirty.
- You're experienced in the art of building web products that work at massive scale.
- You're not a programmer, you're a craftsman/craftswoman.
- You love these things: pair-programming, test-driven development, refactoring, collective-code ownership, continuous integration, refactoring.

Main requirements:

- Can solve technical problems equally well with OO, DOM oriented, or functional JS.
- Ability to create an interface using JavaScript, HTML and CSS.
- Ability to develop server & client side in a end-to-end.
- Solid understanding of the web technology stack (i.e. headers, cookies, cross-domain restrictions, https, caching, optimization opportunities, hardware acceleration, junk and scroll performance, etc.).
- More than 2 years of experience building software that works at web scale.
- Demonstrable experience with cross-browser JS and CSS development.
- Solid understanding of HTML5 tags (functions and intent).

Nice to have:

- Experience with RequireJS, SASS and Jasmine.
- ReactJS.
- AngularJS.
- Experience with more recent web technologies (i.e. localStorage, geolocation, CSS transitions and transformations).
- Experience with GoogleAnalytics.
- Experience with AdServing.
- Experience with various AWS services and understand the challenges of deploying large applications in the cloud.
- #perfMatters.

This will be you as part of the Marfeel team:

- We have 22 different nationalities so, you will not get lost in translation..
- Flexible working hours.
- Free coffee, tea and soft drinks.
- Sunny office terrace.
- Ping-pong tournaments.
- Team building events.
- Training, books and all you need to feel the empowerment.
- And, Referral Bonus if you bring other talented people like you.

If you are interested in this position, please apply sending your CV to this email:
