

Fintech creada en 2004 precisa incorporar de forma inmediata a sus oficinas en Aravaca, Madrid el perfil siguiente:

Java Developer

We are looking for a passionate Java developer for the electronic invoicing service.

Requirements:

- Minimum of 2 years working experience in Java software development.
- Knowledge of OOP, design patterns, Java, Javascript, CSS3 and HTML5.
- English level B1 or equivalent.

Nice to have:

- Experience in frontend technologies such as AngularJS or JSF.
- Working experience in developing SOAP and REST web services.
- Working experience in SQL, Hibernate or Spring Data.
- Working experience in Spring or EJB.
- Knowledge of Linux, JBoss / Tomcat, Maven, Spring Security, Spring Boot and Groovy.

Se ofrece:

Contrato fijo a jornada completa.

Horario flexible y atractivo paquete de remuneración.

Empleo estable con posibilidad de promocionar.

Salario en función de experiencia previa y valía del candidato.
