

**Fintech creada en 2004 precisa incorporar de forma inmediata a sus oficinas en Aravaca, Madrid el perfil siguiente:**

**Java Full Stack Developer**

We are looking for a passionate full stack Java developer. He should have a broad knowledge and experience in the use of Java libraries and tools (specially open source) and be able to add value at any development stage. Once he is established in the team he should be able to mentor the junior members of the team. He will be involved in the technological evolution of the web-bot based Eurobits Aggregation Platform. For that purpose he will propose new technologies, patterns and best practices. He will participate in all development phases: design, programming, deployment and testing.

**Requirements:**

- At least five years' experience working with Java
- Intermediate English level (FCE or similar)

**Nice to have:**

- Python
- Groovy
- REST
- Microservices
- Spring
- GIT
- Maven
- Unix/Linux
- Redis
- No-SQL databases (MongoDB, Casandra...)
- Continuous Integration
- TDD
- Source code analysers (Sonar, PMD, Checkstyle, etc.)
- Scraping tools and libraries
- Big data

Se ofrece:

Contrato fijo a jornada completa.

Horario flexible y atractivo paquete de remuneración.

Empleo estable con posibilidad de promocionar.

Salario en función de experiencia previa y valía del candidato.
